

Thinkers Lodge Volunteer Group

<p>Description</p> 	<p>For two years, a holacracy of volunteers have supported Thinkers Lodge national historic site and its ideals of education and world peace. People of all ages in the local community have volunteered time and energy effectively and made real contributions towards our national heritage site. Volunteer projects in the past have been: moving antiques out of storage, fund raising, painting, making cedar benches, giving tours to public during off-season, decorating, and gardening. This is an excellent opportunity for busy people with limited time who would like to contribute in a meaningful way.</p> <p>Watch this page! Projects and requests for volunteers will be posted in upcoming months.</p>

<p>Organization Structure</p> 	<p>Holacracy is a social technology or system of organizational governance in which authority and decision-making are distributed throughout a holarchy of self-organizing teams rather than being vested at the top of a hierarchy. Holacracy has been adopted in for-profit and non-profit organizations in the U.S., France, Germany, New Zealand, Australia, and the UK. http://en.wikipedia.org/wiki/Holacracy.</p>
